LEADCORE SETUP

Leadcore line is an easy and efficient way to get lures to a specific depth and be able to repeat what is working. Spoons, spinners and crankbaits all work behind leadcore

Lance Valentine
SPORTFISHING

LEADCORE SETUP

1. Leadcore line
2. Spooling Up
3. Rods/Reels
4. Leaders

LEADCORE SETUP

Leadcore Line

- 1. Available in 18, 27, 36lb – dacron strength**
- 2. 18 and 27lb have same amount of lead**
- 3. About 5 feet of depth per color (18 & 27)**
- 4. About 7 feet of depth per color (36lb)**

LEADCORE SETUP

Spooling Up

1. Two options – full spool or segmented
2. Full spool is usually 10 colors
3. Segmented can be any number of colors
4. Segmented works best with planer boards

LEADCORE SETUP

Rods/Reels

1. Long, soft action rods (8' – 10')
2. Line counter reels, especially for full
3. Large diameter spools with single handle

LEADCORE SETUP

Leaders

1. 20lb Fluorocarbon line
2. 25-30' is sufficient
3. "Secret of the Bead" on the leader end
4. Braided leader if fishing close to bottom
